

 **ALINA**
COMBINE
PHARMACEUTICALS (PVT.) LTD.
MANUFACTURERS OF HUMAN MEDICINES & VETERINARY PRODUCTS

COMPANY PROFILE

We love to see you healthy

Mr. Abdul Rehman Memon
Director

Director's Message

As the Director of Alina, I feel proud of this organization which has immense potential and employs people who have served this company for many years. I have a firm belief that in the coming years, we will grow and achieve more milestones.

Our vision is to be an exceptional organization, one that bridges the gap between ailment and cure. Our people give their best everyday and our success in this short time period, in this fast paced industry, is our only reward. Our products speak for themselves as quality is given the highest priority at Alina. We possess hardwork, integrity and concern for our customers.

Alina develops a wide range of innovative and quality products and is continually improving as perfection is the key for Alina. We struggle to achieve a consolidated, sustained and independent growth on an International basis that ensures quality work and positive results. Alina has state of the art facilities maintaining strict (GMP) standards and strives to improve persistently. We now provide solutions for Human healthcare as well as Animal health care.

We welcome everyone at Alina. May god bless all of us (Ameen).

Thank You,

Abdul Rehman Memon.
Director

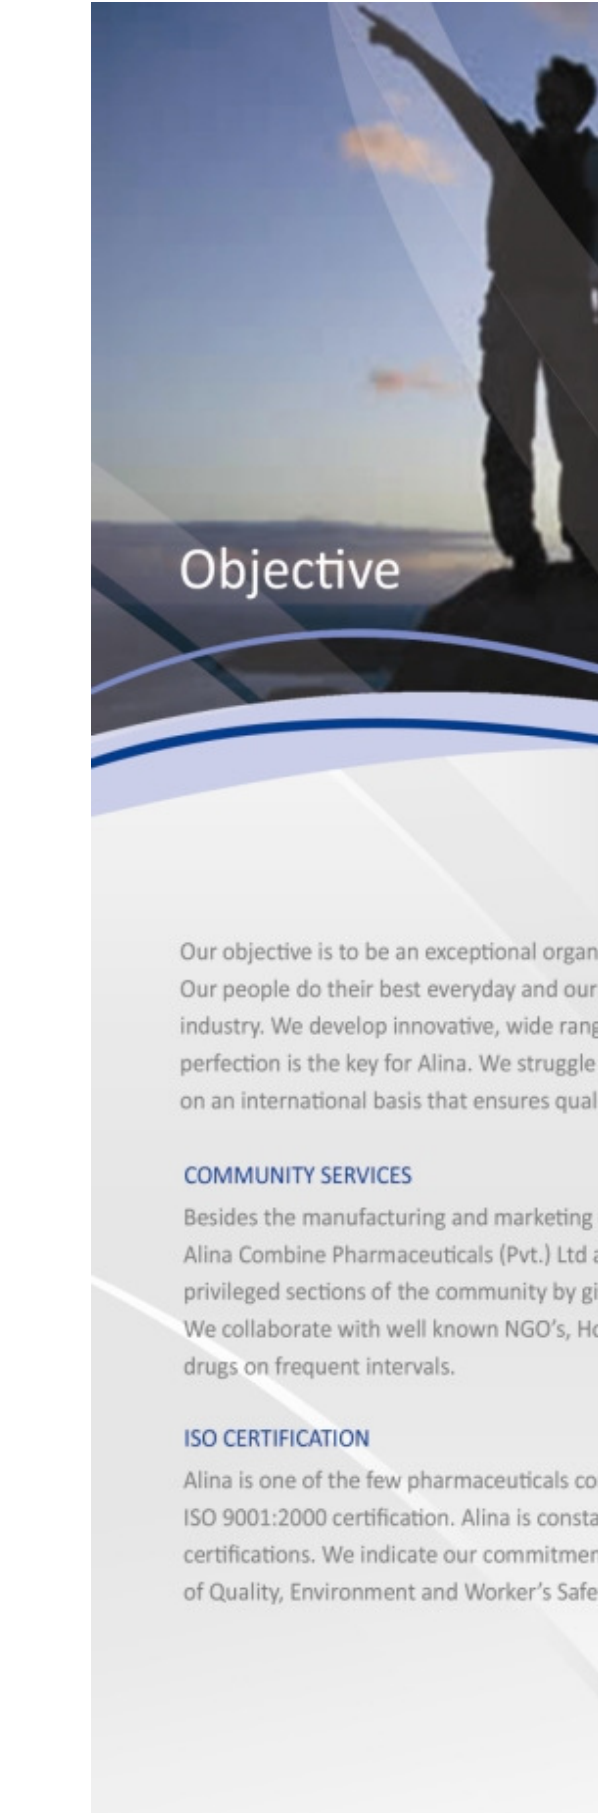

Alina since 1983

Alina Combine Pharmaceuticals (Pvt.) Ltd is an ISO 9001: 2000 Certified pharmaceutical company located in Karachi. Mr. Abdul Rehman Memon, Director founded the business in 1983. Alina employs qualified people in the areas of Product Development, Quality Control, Quality Assurance, Operations, Finance, IT, Sales and Marketing.

Alina is proud of its growth and quality pharmaceuticals and is committed to bringing new branded generics to the marketplace.

Alina is one of Pakistan's premier pharmaceutical and veterinary manufacturing company following strict (GMP) guidelines. Alina's facilities are spread over 2 acres (9680 sq yards) of land in one of the most growing industrial areas of Karachi. Our pharmaceutical manufacturing unit is well equipped and manned by highly qualified and experienced personnel.

Objective

Our objective is to be an exceptional organization, one that bridges the gap between ailment and cure. Our people do their best everyday and our success is our reward. We work honestly, a key issue in this industry. We develop innovative, wide range and excellent products and are continually improving as perfection is the key for Alina. We struggle to achieve consolidated, sustained and independent growth on an international basis that ensures quality work and positive results.

COMMUNITY SERVICES

Besides the manufacturing and marketing of quality healthcare products, Alina Combine Pharmaceuticals (Pvt.) Ltd also shares a vital role in promoting under privileged sections of the community by giving products/solutions free of charge. We collaborate with well known NGO's, Hospitals and Clinics in offering free services and drugs on frequent intervals.

ISO CERTIFICATION

Alina is one of the few pharmaceuticals companies in Pakistan which have attained ISO 9001:2000 certification. Alina is constantly involved in the process of acquiring additional certifications. We indicate our commitment to quality healthcare by following international standards of Quality, Environment and Worker's Safety Management.

Exploring the Export Market

Alina has an ability to produce several key drugs and has been working with its partners to explore global markets. Alina has been working vigorously to find new business partners in other parts of the world. We search and have been successfully creating partnership opportunities with well known companies of Cameroon, Nepal, Vietnam, Saudi Arabia, East Asian countries and many more are in pipeline.

We hail all new corporations interested in our products and strive to work hard for a long and mutually benefiting relationships. Our export department consists of true professionals who are highly interested in collaborative opportunities including product in and out-licensing, co-research, co-development, co-promotion and co-marketing with research institutes, pharmaceutical companies and biotech companies domestically and internationally.

PRODUCTION FACILITIES

Pizofen
(Pizotifen)

Linazine
(Cetirizine di-Hydrochloride)

Alinadol
(Paracetamol)

Hepalina
(L-Omithine L-Aspartate +
Nicotinamide +
Riboflavin Phosphate Sodium)

Xoline
(Cefazolin Sodium)

Roflox
(Ciprofloxacin)

Uzol
(Omeprazole)

Femoceran
(Famotidine)

Linaspam
(Cefixime)

Alixin
(Levofloxacin)

Alor
(Loratadine)

Ana Cid
Magnesium Hydroxide +
Aluminium Hydroxide +
Simethicone

Alfin
(Ibuprofen)

Almedon
(Domperidone)

Hexime
(Cefotaxime)

Lyzo Nasal
(Xylometazoline Hcl)

Alcof E
(Expectorant/ Linctus)

Neotracin Powder
(Neomycin Sulphate + Bacitracin Zinc)

Aneptil
(Tranexamic acid)

Axflam
(Diclofenac Sodium)

ANTIBIOTIC FIRST GENERATION CEPHALOSPORIN
Class/Brand Name Generic Name/Composition

Xoline Injection 1gm Cefazolin Sodium eq to Cefazolin 1gm
Xoline Injection 250mg Cefazolin Sodium eq to Cefazolin 250mg
Xoline Injection 500mg Cefazolin Sodium eq to Cefazolin 500mg

ANTIBIOTIC THIRD GENERATION CEPHALOSPORIN
Class/Brand Name Generic Name/Composition

Hexime Injection 250mg Sterile Cefotaxime Sodium eq to Cefotaxime 250mg
Hexime Injection 500mg Sterile Cefotaxime Sodium eq to Cefotaxime 500mg
Hexime Injection 1gm Cefotaxime Sodium eq to Cefotaxime 1gm
Linaspam Suspension Each 5 ml contains: Cefixime Trihydrate eq to Cefixime Anhydrous 100mg

ANTIBIOTIC/ QUINOLONE
Class/Brand Name Generic Name/Composition

Alcin Tablets Ofloxacin 200mg
Roflox Tablets 250mg Ciprofloxacin 250mg
Roflox Tablets 500mg Ciprofloxacin 500mg
Alixin Tablets 250mg Levofloxacin 250mg
Alixin Tablets 500mg As hemihydrate Levofloxacin 500mg
As hemihydrate

ANTIBIOTIC TOPICAL
Class/Brand Name Generic Name/Composition

Neotracin Powder Neomycin Sulphate 0.5%
Bacitracin Zinc 250 nit/gm

ANTI HISTAMINE
Class/Brand Name Generic Name/Composition

Alor Tablets Loratadine 10mg
Alor Syrup Each 5ml contains: Loratadine 5mg

ANTIHISTAMINE (NON. SEDATING)
Class/Brand Name Generic Name/Composition

Linazine Tablets 10mg Cetirizine di Hydrochloride 10 mg
Linazine Solution Each 5ml contains: Cetirizine di - Hydrochloride 5mg

NASAL DECONGESTANT
Class/Brand Name Generic Name/Composition

Lyzo Nasal Spray Xylometazoline Hcl 0.1% W/V

COUGH PREPARATION
Class/Brand Name Generic Name/Composition

Alcof E Each 5ml contains: Ammonium Chloride 125mg
(Expectorant/ Linctus) Sodium Citrate 55mg
Chlorpheniramine Maleate 2.5mg Glycerin 150mg

ANTI EMETICS/ULCER HEALING
Class/Brand Name Generic Name/Composition

Almedon Suspension Domperidone 1mg/ml
Almedon Tablets 10mg Domperidone 10mg

ANALGESIC /NSAID
Class/Brand Name Generic Name/Composition

Veterinary Products

Global Affiliations

NETWORK

Alina is a growth oriented company and feels proud of its continuous collaborations with world renowned companies of Great Britain, Spain, Netherlands and Argentina. Alina has proven to be a vital partner for these companies in establishing their products in Pakistan.

Alina was the first to introduce a complete range of soft gelatin Cod Liver Oil Capsules in Pakistan imported from Seven Seas Ltd. UK. Other products include imports from Ferrer International Spain that includes products like Gamalate and Somazina.

A comprehensive range of veterinary injections, water solutable powder, vaccines and liquids are also manufactured locally.

PROFESSIONALS

Alina with its well trained marketing team focuses on both pharmaceutical and animal health products and has thus emerged as an established and credible name in the pharmaceutical industry of Pakistan.

Alina employs a diversified sales group, that has been promoted by professionals who have been associated with the markets for the last 40 years. Alina employs people in different areas of business and is proud to be where it stands today. Our marketing network spans all across Pakistan with an efficient distribution setup linking the most remote areas of the country.

Operational Excellence

An ISO 9001:2000 Certified Company

MANUFACTURING

Quality Control

At Alina Combine Pharmaceuticals quality management is the foremost concern and over the years our Quality Control department's stringent adherence to the quality system has enabled us to provide quality products in Pakistan.

Our Quality Control Lab is equipped with state of the art instruments enabling us to monitor every step of the art manufacturing process beginning from the sourcing of raw material till its transformation into a quality finished product.

Contract Manufacturing

We can undertake large-scale manufacturing for our customers with advanced technology, speed, cost effectiveness and quality. Our goal is to create and mature mutually rewarding relationships leading to long-term profitable partnerships. We believe in working with our customers in every way possible, and are eager to partner with our clients by providing them a number of products in different segments and enthusiastically offering our manufacturing capabilities as per our customer's marketing needs. We have the capabilities to undertake manufacture of pharmaceutical products (human and veterinary) according to our clients requirements.
